## Several Contests In Election

The election Tuesday, passed off very quietly, a good vote being polled in each precinct. As was to be expected the wet and dry issues with the classification of property for taxation were the main points of interest to the electors.

Several interesting and unexpected contests developed in the race for township trustee, mayor, marshal and school board. While there were candidates contesting for these various places yet up until election day no move had been made to indicate that the candidates or even the electors were greatly interested. No election of any kind had been held for several years and the one just closed. Election day seemed to be the one day for that purpose and when the votes were all counted there were some very close finishes on the part of some of the candidates.

Each elector in the village received eight ballots while in the township seven were given out. This made the count long and tiresome to the election officials who did not conclude until long after midnight.

Some very complimentary votes were given several of the candidates that had no opposition. J. W. Johnson led on the village ticket for clerk getting the highest vote of any candidate, 134. In the township for justice of peace Andrew Jackson received 210 votes alone and 242 in the corporation.

The following is the result of the vote in each precinct:

ROSS LECTURE COURSE.

The campaign for Lecture Course tickets in Ross township got off to a flying start Tuesday, election day, when the High School pupils sold more than half enough to insure the success of the course. Thursday the high school was divided into teams and the entire township will be canvassed. The first number will be given Nov. 11 by Roy Randall, the impersonator. Mr. Randall is six foot six in height and on account of his marked resemblance to Abraham Lincoln is able to give a remarkable impersonation of the Martyred President. The play will be open at the school house Monday Nov. 10th at 3 P. M. Seats will be reserved on that day for the entire course of five numbers.

TAG DAY A SUCCESS.

Tuesday, election day was tag day and the public school pupils were given an hour off during the day to tag tags to raise funds for play ground equipment at the school house. The sale amounted to about \$127 and will be placed in the treasury of the Parent Teachers Association. This equipment was necessary to get the equipment owing to a shortage of funds in the school treasury.

## PROGRAM ANNOUNCED FOR LECTURE COURSE SEASON.

What is said to be the finest array of lyceum talent ever secured for Cedarville is announced for this season by the Cedarville Lecture Course Committee.

In this seasons course of entertainment there is much that is educational and instructive but it is always entertaining in the best sense of that much abused word.

The course with dates of appearance of each attraction is outlined as follows:

Nov. 24—Welsh Glee Quartette.

Dec. 2—Edwin Whitney, reader.

Jan. 21—Morrison Girls, Musical.

Jan. 27—McCordie, Entertainers.

Feb. 16—Lincoln McConnell, lecture.

The Welsh Glee Quartette, booked for an appearance in our lyceum series this season, has been successfully before the lyceum and chautauqua public for four seasons, having appeared on several of the largest and best chautauqua routes in the U. S. and Canada and having sung before lyceum audiences in nearly every state.

Everybody seems to like a good male quartette. Few quartettes can sing as well as the Welsh Glee for their light in entering singing contests of Elateddof, as they call them, makes it necessary to study and practice.

Every member of this quartette has won important prizes in these singing contests. Their record of success during the past four seasons is the best assurance of their ability to please our critical lyceum audience, which knows good music and yet demands a certain amount of entertainment with a quartette program.

The season ticket sale for this course will be on Saturday, November 16th. Please keep this date in mind as the lecture course committee will visit you on that date.

THE COLLEGE PLAY.

Practice on the college play "The Arrival of Kitty", a farce in three acts to be given in the opera house Friday evening, November 21st, is well underway, and is going on merrily nearly every night. It promises to be one of the best plays ever given in Cedarville. The scene is laid in the office of the Halcyon House, a summer hotel in the Catskill mountains. The action is quick and lively, the dialogue sparkling and witty. The time is one day late August. The first act takes place in the late morning, the second in the early afternoon, and the third when it is almost evening. The play is very amusing throughout.

The cast of characters is as follows: William Winkler, La. Claude Merkle, Aunt Jane, his sister, Ellen Tarbox, his niece, Rebecca Marsh, Harold Hammond, Benjamin Moore, Morton Creswell, Ting, a bell boy, Robert Coleman, Sam, a colored porter, Edwin Bradfute, Kitty, an actress, Dorothy Smithson, Suzette, Aunt Jane's maid, Grace Lyle. The play is under the direction of Prof. Ethel Brand, of the College.

SCHOOL DISTRICT NO. 1.

The people of District No. 1 enjoyed a Halloween Mask Social at the Corry School last Thursday evening. The proceeds went to obtain the 100 per cent standard in the Junior Red Cross Campaign.

The school was very much delighted when they found they had cleared enough money to secure their 100 per cent standard in the Junior Red Cross, also enough to pay their amount toward the Roosevelt Memorial Fund.

The pupils with Miss Elsie Shroeder as teacher worked hard to secure this standard but were repaid when they found "their" school was the third one in the county to reach the 100 per cent mark.

SCHOOL CHANGE SOUGHT.

The committee from the legislature that has been investigating conditions at Wilberforce University where differences have caused a division between the board members as to the use of state funds for the university at the expense of the state normal has resulted in the committee recommending that the two schools be separated. The state pays about \$100,000 each year for the maintenance of the normal and from now on will have complete control of its own funds.

## Census Taker Calls Soon

The farmer is to be a busy person long about next January or February. No it is not the income tax but the census taker. It is going to be necessary to have much information at hand then a list you were making out your tax return.

Some 29 questions will be asked that relate to population and an answer is expected to each. Then comes general farming information and a list of questions will be asked that would make a Philadelphia lawyer scratch his head.

But do not get excited about all this information for Uncle Sam states that it is private and has nothing to do with any taxation whatever.

Inability to obtain exact data will not justify failure to answer a question. The most accurate returns that the circumstances will permit are asked. If farm records are kept, data are to be taken from them. Where there are no accounts kept, estimates will be made.

WHAT CONSTITUTES FARM.

For census purposes a farm will be understood "to include land which is directly farmed by one person conducting agricultural operations either by his own labor alone or with the assistance of his household or hired employees. The term "agricultural operations" is used as a general term of referring to the work of growing crops, producing other agricultural products, and raising animals, poultry and bees.

This farm may consist of a single tract of land, or a number of separate and distinct tracts, and these several tracts may be held under different tenures, as when one tract is owned by the farmer and another tract is rented by him.

If a land owner has one or more tenants, the land farmed by each will be considered a "farm" and should be reported as a separate farm. A tract of land of less than three acres will not be considered a farm unless it produces crops or other products to the value of \$200 or more, or unless it requires the continuous service of over one person at least.

If a farmer suffered severely in 1919 from storms, cyclones, floods, droughts or other calamities a brief statement is asked, or if crops or animals were raised under exceptional circumstances or conditions the fact will be noted.

THE FARM OPERATOR.

All answers should relate to the farm occupied January 1, 1920, by the farm operator. By "farm operator" is meant "a person who directly works a farm as owner, hired manager, tenant, or cropper, conducting agricultural operations either by his own labor alone or with the assistance of members of his household or hired employees. Farms should be returned in the name of such farm operator—that is, the person actually conducting the agricultural operations, even though supervision of such operations may be exercised by another person. All answers regarding crops or other products of the farm in 1919, must relate to the land occupied by the farm operator on Jan. 1, 1920, whether such land was farmed by him during 1919 or not, should not relate to any other land to which the farm operator may have farmed in 1919.

SOME OF THE QUESTIONS.

Here are a few of the many questions the farmers will be asked:

How many acres, if any, did you work on a farm for wages? How many years have you been or were a tenant? How many years have you farmed as owner? How long have you operated this farm? Do you own all of this farm? If you rent from others, but not all of this farm? If you rent all of this farm, what do you pay as rent?

How many acres in this farm Jan. 1, 1920? Include all outlying of separate fields, meadows, pastures, woodland, or waste lands owned, rented, or managed and operated as a part of the farm, but do not include land rented or cropped by any other person.

How many acres of improved land in this farm? Include all lands regularly tilled and mowed; land in pastures that has been cleared or tilled; land lying fallow; land in gardens, orchards, vineyards and nurseries and barnyards.

How many acres of woodland in this farm? Include all farm woodlots, natural or planted, and cut-over land with young growth. Do not include chaparral, mesquite or woody shrubs.

What is the total value of the farm Jan. 1, 1920, and the value of all the buildings on and implements and machinery belonging to this farm. Was there any debt or mortgage on the farm Jan. 1, 1920, if so, what amount and what rate of interest was paid.

Then follow inquiries regarding the number and value of animals, amount and value of crops and other products, farm facilities, such as tractors, autos, telephones, gas or electric light, piped water in house and co-operation in marketing in 1919.

"The Arrival of Kitty", opera house November 21st. Admission 27c.

## BUSHEL WHEAT IN FLOUR BRINGS \$1.30

Senator Capper of Kansas made a strong speech in Congress the other day, offering a startling illustration that everyone was making more money out of wheat and hogs than the farmer that produced them. He pointed out that it takes four and one half bushels of wheat to make a barrel of flour. The wheat raises gets about \$5.37 for the four and a half bushels, or \$1.15 a bushel. For these four and a half bushels of wheat, when converted into flour, the miller gets \$12.00, or \$2.82 a bushel. When the four and a half bushels of grain are formed into flour, each bushel of wheat, which he sells for \$5.37, thus receiving a few cents more than \$1 for what was originally a bushel of wheat. When this bread, made from the original four and a half bushels of wheat, is doled out in thin slices by hotel keepers in Washington it brings \$5.87 or virtually \$1.80 a bushel, ten times the amount received by the farmer, more than twenty times the amount received by the miller and more than thirty times the amount received by the man who raises the wheat.

The government through the grain corporation, Senator Capper said, profited \$28,000,000 at the expense of the farmers last year, the farmers selling from 20 to 30 cents less than the guaranteed price.

"The situation of the live stock farmer is even more deplorable," he said. "Farmers are selling their grain-fed beefs and hogs for less than it costs to produce them, but the consumer finds little or no change in the price of meat."

VETERANS WOULD NOT CARE FOR HOSPITALS MEMORIAL.

The physicians of Greene County cannot be said to ever modest in their advocacy of a \$250,000 hospital as a memorial to the world-war soldiers.

They are a perfect unit in regard to a hospital being the very thing to commemorate their services in the latest unpleasantness. A hospital commends itself to physicians and surgeons, more than others, because it is in the professional line. It hardly commends itself to soldiers, so they say, because they have no desire to be reminded of their service in such institutions. There is nothing pleasant about the memory.

Being so intimately connected with the profession of the physician and surgeon, one is apt to deem it less the impulse of patriotic feeling than a covert desire to extract a benefit from the glory of the soldier—Greene County Journal.

ELECTION NOTES.

Republicans elected governors in Kentucky and Massachusetts.

Mayor George Karb of Columbus, Democrat, defeated for his sixth term and his first defeat in 32 years of public life.

Dispatches from Columbus say that the legislature which meets in December will probably enact a state income tax law and graduated automobile license law with higher license fees as a result of defeat of classification of property for taxation. More money must be raised in the state to meet higher costs and for salaries of the many new offices that were created at the last session.

Dry's gained 3000 votes in Hamilton county over previous election. In the Cleveland district the wets gained 20,000.

Classification of property for taxation defeated by 100,000.

Springfield failed to re-elect two prominent business men on the city commission due to their stand on the increased fare for the street car company. The citizens' committee also lost the school board fight as a result of the teachers taking a hand in the election. The salary question was at stake in the fight.

Clark County endorsed the bond issue of \$95,000 to rebuild the old court house that was burned some months ago.

Xenia re-elected Dr. DeHaven and Charles Fisher as city commissioners against the Citizens' Committee endorsement of Sayer and McKay.

Regardless of the wet and dry fight this year we will likely have another next. The wets have filed a petition for referendum on the Miller enforcement bill that was passed by the last legislature.

The village council stands as it is. All the other officers were re-elected. There was no change in the township. Two new members of the Board of Education will be Clayton McMillan and Walter Hiff who will take the place to be vacated by A. G. Collins and J. C. Barber.

ROAD LEVY CARRIES.

The two mill levy for county roads carried by about 500 majority. This endorsement was almost necessary if the roads of the county are to be kept in good condition under the strain of present day travel. As we understand it the levy is good for five years to come.

## W. P. M. CONVENTION.

The Women's Presbyterial Missionary Convention of the United Presbyterial Presbytery of Xenia met this week in the U. P. church of this place on Tuesday. A large delegation was here from Xenia, Springfield, Columbus and other nearby towns. One hundred and eight delegates were present besides many visitors. The splendid program was carried out as arranged. Miss Lulu Henderson, president of the Society presided with much grace and ability. The secretary, Miss Sarah Reid of Springfield lent efficient aid by her knowledge of the Presbyterial work.

The Quiet Hour was in charge of Mrs. J. P. White who took as her subject the overflowing life. Miss Kate Hill, a returned Missionary of India, gave the principal address of the afternoon. All were delighted with her address.

Other speakers were Mrs. McKibben of Clifton, Mrs. McClure of Columbus, Mrs. Holmes of Sugar Creek. The Pagent living pictures which was in the evening was a contrast between life in Christian and non-Christian lands. The Presbyterial Thank offering under the leadership of Mrs. Holmes amounted this year to over \$2200.00. The convention goes to Columbus next year.

### BE YE NOT CONTENT

There are those who preach the doctrine of content, and they tell us we should always be contented with our lot, whatever it may be.

Surely contentment is a sweet sensation—we think it must be—and we can imagine no happier end than to truly say, "I am content. I desire nothing. I have drunk deep of Life's cup and the taste is good."

Contentment may be, undoubtedly, is desirable in old age, when the shadows are lengthening, but for youth and active middle age it certainly is a most inadequate means to an end. It is the most powerful enemy of progress.

Even after attaining a high degree of civilization, we should still be weavers of the cradle; we would spend evening after evening molding candles to furnish a puny light; we would travel on roads of mud.

But they were not content; we have moved and our paved highways span the country from end to end, the automobile and speeding train have replaced the stage coach of other days; our children study in modern buildings, and the "good old days" have gone.

But every town is burdened with contented citizens who have no desire to advance.

And here in town we will find housewives whose threadbare carpets, handless cups and stemless glasses are considered good enough. Chairs that have lost their seats are crudely repaired with 10-cent store seats. House repairs are neglected until the incoming rain forces a make shift repair.

There are fathers and mothers whose children have adenoids and tonsils needing attention. Yet, if the subject is mentioned they tell you it is foolish to borrow trouble; there is plenty of time.

Now listen reader. Of all the successful business men or farmers in and around town, can you find a really contented one? Are they already going, or at least trying to go forward?

Nobody ever accuses a cold storage egg of being too fresh.

The less coal there is to shovel the more the railway firemen want for shoveling it.

The truth of the matter is that neither capital or labor get close enough together in that famous Washington Conference to confer about anything.

### SPLIT THE DECISION.

Judge Cleveland has rendered his decision in the injunction suit of J. A. Clegg against former County Auditor, A. M. Faulkner and Kash Bell and the publication of the Auditor's annual statement which had been turned over to the Herald for publication this past month.

Two different grounds were asked for the injunction, one that the Herald was not a paper of general circulation and the other that it was not Republican.

The Court held that the circulation in the county, 401, was not sufficient. The circulation in the adjoining counties east and north could not enter.

As to the politics of the Herald the Court held that the paper was Republican in politics.

Former Auditor Faulkner turned the report over to the Herald as the result of the Gazette "padding" the report in order to get more money out of the county. The Gazette also threatened to attack Faulkner if he did not turn the report over to it. The case will likely be appealed.

### SUPPERS

The return of autumn brings the church supper, as one of the leading institutions of the village life. On the financial side, no one ever figured out a real profit on these suppers. A dozen women put in several days work collecting and cooking food. The supplies are all given out of home stock. The supper would cost a dollar or more at the average hotel where equally good food is served. The common price averages 50 cents. At the same time you might not be able to raise the same amount of money in any other way.

The women give their time free, and give 50 cents to a dollar's worth of flour, sugar, eggs and butter. Perhaps neither they or their husbands would give 25 cents in cash. Financially wasteful, yet the church supper meets a demand. If you understand to support churches by advertising a lecture on the poetry of Browning or Kipling, you would not get enough to pay for the janitor's salary. But people will stand in line for church suppers. The number who flee the church premises the moment the supper is eaten, suggests the good fellow ship is not primarily motive in drawing the crowd. Probably it is the reputation of the first class crowd. Probably it is the reputation of the first class home cooking of the neighborhood. Women are tired of eating the things from their own kitchens. They want to get out and see what other cooks are doing.

In preparing church suppers the cooks are on their mettle, feeling that their reputations are at stake. The supper assembles the finest culinary of the town and puts it on the bargain counter at bank prices.

### HUEY-FINNEY WEDDINGS.

Green and white were chosen for the color-motif at the wedding of Miss Margaret Louise Finney, daughter of Mr. and Mrs. Clarence Finney to Walter Ernest Huey, which took place at the home of the bride's parents on the Rife road near Cedarville at 7 o'clock Thursday evening.

The Rev. Mr. McKibben, pastor of the Clifton U. P. church officiated using the single ring service.

The marriage service, was read in the alcove formed by the bay windows in the parlor, which was filled with palms, ferns and white chrysanthemums. A white archway with bells suspended from it was placed overhead. Just before the wedding service Miss Reva Moore of Clifton played a selection on the piano, and the wedding march from Lohengrin for the entrance of the bridal pair, who were unattended.

Wearing a frock of white voile and carrying a cluster of pink bride's roses the bride was very pretty and girlish.

Following the service a two course supper was served to the sixty guests. There were covers for twelve at the bride's table, which was in green and white decorations. A white wicker basket filled with large chrysanthemums centered the table and at either end of the table there was placed a green candle. Place cards were miniature brides.

Shortly after supper Mr. and Mrs. Huey left, the latter wearing a blue suit, with white feather hat trimmed in blue and gray shoes. The bride pair left at home in Springfield where Mr. Huey is an electrical tester for the Robbins & Myers Company.

Guests attending the wedding from a distance were Mr. and Mrs. R. J. Hemphill of Marietta, Ill., Mrs. Reed and Miss Blanch Reed of Monroe, Miss Jeanette Engle and Floyd Camden of Dayton, Mr. and Mrs. Robt. Nelson of South Charleston, Mr. and Mrs. Casper Finney and son of Springfield, Mr. and Mrs. Haysett, Miss Raney, Mr. Raney, Mr. Howard Beatty of Xenia.

A news slip from this office of the State Board of Health states that under the new health law hygiene will take its place beside the "three R's" as a fundamental in education. What the board's publicity man should have said was that the fundamental principles of the new law was letting several hundred doctors on the pay roll at high salaries.

Miss Kathryn Benders, one of the most popular and beautiful actresses of New York City will arrive in Cedarville Nov. 21st to take part in the big play, "The Arrival of Kitty."

J. A. McMillan and sister, Miss Sallie, moved to town this week. Their farm was sold to Harry Townsley, who moved Tuesday. T. B. Mehlhach purchased the Townsley farm south of town and moved Wednesday.

Pure and wholesome recreation is good for young and old. "The Arrival of Kitty," opera house, Nov. 21. The admission is 27 cents plus the war tax or a total of 30c. Buy tickets for the whole family.

"Ten Nights in a Bar Room" by the Ross Township High School Monday night was a great success, each part being played in a very commendable manner. Every seat in the house was sold and about \$550 was realized above all expenses. This money will be turned into a General School fund.

The masque social at the Alford on Friday night was attended by more than a hundred college students and friends. Each year such an event is held and it fell to the lot of the boys to furnish the entertainment and the "cents" this year. It is safe to say that the boys did credit and set a new standard for the girls next year.

The dancing club held a masque affair in Barber's hall last Friday night. Admission was only by invitation and about fifty were present. A delegation from Xenia came up by motor truck. Mr. and Mrs. Paul Turnbull dressed in George and Martha Washington attire won first prize. Refreshments were served.

Friends of Miss Ruth Ramsey will regret to hear that she has not improved since entering the McClellan hospital in Xenia. She has been suffering with heart trouble and other complications. Upon the advice of a Columbus, specialist, an operation would be useless at this time. Miss Ramsey will be returned home in a few days.

First big event of the season "The Arrival of Kitty," November 21st.

Halloween pranks were plentiful about town last Friday night. The usual stunts were pulled off but no great damage was done. The worst was where boys pulled the traps at the D. S. Ervin stone crushing plant and allowed about ten yard of crushed stone to leave the bins and fall on the ground.

Don not overlook Kelble's Bargain offers in clothing. Why pay \$50 or \$60 for clothing when you can get it at Kelble's, W. Main, Xenia, for less.

For Sale—Sanitary cot and one rug 9 x 12 in good condition. Can be seen at residence.

Mrs. A. G. Brown of Denver, Colo., who came east for the burial of her mother, Mrs. J. W. Follock last Friday at Woodland cemetery in Xenia, was the guest of Mr. and Mrs. O. L. Smith until Monday, when she returned West. The funeral of Mrs. Follock was conducted from the chapel on the grounds, Rev. J. P. White of this place conducting the services. A number of the friends of the deceased from here attended the funeral.

W. H. Barber and William O. Maddox left Thursday for Maine on a hunting trip to be gone some weeks. They expect to stop at Jacknott, Somerset county, in the big woods where there is plenty of game. Mr. Maddox has been in that section before.

Lost—A lady's three-quarter coat on Main street between Cedar and the garage. Finder please return to this office to notify the owner.

The poultry business on the farm is evidently more than a side issue for we know of one farmer's wife that sold \$357.40 worth of chickens a day or so ago. When these were cleared away by the sale this wife still had 250 young pullets left for spring layers.

M. W. Collins lost a good draft horse Sabbath when other horses in fighting it pushed it off the banks into the creek. The animal was blind but was a good team horse and cost Mr. Collins \$180 some months ago. The animal drowned in just a short time after it fell into the water.

Profiteering in clothing is just as easy as in anything else. Our prices prove that we are selling good clothing at honest prices. Do not pay \$50 or \$60 for clothing when you can get it for less at Kelble's, W. Main st., Xenia.

Harry Bird arrived home Wednesday from Great France, where he has been for about a year. Mr. Bird was the last drafted man to leave this township and was the last to get home. He was connected with a hospital detachment and returned on Tuesday a week ago to Camp Dix. He says that he had the opportunity of seeing the battle fronts and marking a tour through the devastated parts of France, Belgium with a side trip into Italy. At the time he was in those stricken districts very little had been done towards rebuilding the ruined cities. It was a wonderful experience to visit the ruined sections but Mr. Bird says after that he was ready to return to his states and his home. He will probably enter some college of university after the holidays.

Heats by radiation and convection saving one-third the fuel bill. In the King Clermont the products of combustion instead of passing directly from the fire-bowl into the chimney, pass into the upper chamber of the flue back; they are then drawn down to the base of the stove before passing up the smoke flue. Three times as much fire travel as on any other make of stove, besides this, extra amount of radiating surface. The King Clermont heats by circulation, pulling the cold air off the floor and forcing hot air out at the top of the stove; in this way the air is kept in constant circulation, warming the most remote corner of the room. ## Everyone Who Needs Furniture Should Know

Cappel's have ample supplies of Furniture, not only for their regular customers of years past and present, but for hundreds who cannot find what they want at the stores upon which they formerly depended.

We did "not wait for prices to go down" because we clearly saw that prices would surely advance, and that there would be a general shortage of housefurnishings for this season. That is why we invested hundreds of thousands of dollars in furniture months ago. We now have full stocks—and at lower prices than we could have quoted had we waited. We have the goods. See for yourself.

## WARMTH BRINGS CHEER

The evening newspaper, the big armchair and a good after-dinner cigar never prove so alluring as when accompanied by the warmth and cheer that is radiated by a good stove. Here you will find stoves for every purpose—those for cooking and those for heating purposes as well as the kind that are designed for both uses.

### YOUR OPPORTUNITY

to buy high-grade and also medium class shoes of elegant style and appearance at prices lower than you can buy at other stores. The shoe department of our store has added some new lines, that will make it unnecessary for you to go out of town to get the newer choice things.

### LADIES SHOES

The line is the most complete and the most beautiful ever shown. The long, slender, graceful newest styles we are showing in narrow and wide widths, in the new Beaver Brown, Havana Brown, Field Mouse Grey or Black. Remember we have the narrow widths at all prices from \$3.75 to \$13.50 pair, and our \$13.50 shoes are priced from \$15.50 to \$18.00, in other stores.

### MEN'S SHOES

A more varied assortment of styles and lasts, and also of different shades or brown leather, than we have ever carried before. Tasty, snappy looking shoes with plenty of style, in narrow and wide widths. Built for comfort as well as looks. Priced at from \$3.75 to \$13.50 a pair.

### BUSTER BROWNS' & EDUCATORS'

for the Boys and Girls. Shoes that we do not hesitate to recommend. Shoes that cost a little more, but wear a great deal more, and look better. Carried in the narrow widths also.

**Who Said a Gallon  
Was Only 4 Quarts?**

That is what hundreds of cars want to know. Their  
mile-crowd ng owners are skeptical, too. For they are  
convinced that this rule is all wrong.

They are getting more miles from the tankful of gas. And  
motors start pronto! on cold winter days. Their Go-Get-  
'Em buddy is

**Columbus  
Gasoline**

You've got to take off your gasoline filler cap to Columbus. It holds  
the championship for delivering big mile-per-gallon returns. It will  
take you farther and faster than any other grade of fuel on the market.

And Columbus carries the same efficiency kick, winter and summer.  
Its big mileage returns don't drop with the thermometer. And it  
makes cold and sluggish engines behave.

**Distinctive Cold Weather  
Apparel**

Coats and Suits in the cleverest originations and color combinations of  
exclusive designs, selected with the conscientious eye for quality and de-  
tail that add materially to every garment.

#### COATS

The Coat present decidedly clever treatment of yokes, sleeves, narrow  
belts and flap pockets. Rich fabrics contribute to their beauty, including  
Duriel de Laine, Valangara, Frosted Chincilla, Plush  
and Realette and up..... **\$19.75**

#### Suits of Quality

These suits express the preference this season of the woman who dresses  
with distinction. Simple and straight lines with just the suggestion of a  
back, reveal the smartness of the mode in a knee length suit coat and in a  
skirt just wide enough to be considerate of both comfort and style. These  
styles come in Dunetyn, Serge, Tricotine Poplin and Gabar-  
dine. Price \$29.75..... **\$89.75**

**Autumn Blouses**

Are Wonderful to Behold

Georgette is still a favored material. It takes so gracefully to wool, bead,  
or floss embroidering—the decided fall trimming notes. This enables one  
to obtain attractive harmony in the choosing of blouses appropriate for  
wear with one's new Fall  
Suit. \$6.50 to..... **\$25.00**
